

As geographers we will:

We will continue to look at different habitats. We will locate where different animals come from. We will give reasons for why the animals raise their young there.

As scientists we will:

Learn about the human body and the senses that are used to keep us safe and healthy.
We will look at what we eat and how that keeps us healthy too.
We will also be learning about animals, their bodies and how they are grouped.

As gymnasts / dancers we will:

Practise athletic events for sports day.
Practise key skills throwing and catching.
We will work as teams to build our balance, coordination skill and development.

As musicians we will:

Investigating tuned and un-tuned instruments.

Year Group: Year 2

Minibeasts

As citizens we will:

Learn about what money is and the exchange of money. We will also look at the process of young to old and how needs change.

As ICT technicians we will:

Write and test simple programmes using purple mash.

As mathematicians we will:

Learn about measurement of length/height, mass, temperature and capacity.
We will learn about 2-D and 3-D shapes and their properties.
Data collection and recording data on bar charts.

As writers and readers we will:

Read and write poetry including riddles.
Learn how to write a letter.

As artists we will:

We will learn how to use clay.

As theologians we will:

Learn about special places and making promises.
What happens at a wedding.
