

As athletes we will...

Learn that P.E. and sport is part of a healthy, active lifestyle. We will think about how to make appropriate decisions in different activities. In outdoor and adventurous activities we will think about how to solve problems and overcome challenges.

- Orienteering
- Invasion games
- Swimming.

As ICT technicians we will...

Use the internet to research different explorers - understanding how to use the internet safely and selecting reliable information. We will then present the information in a multi-media presentation.

As citizens we will...

In R.E., we will explore a variety of celebrations, including religious festivals. We will compare the rituals from two festivals from different faiths and consider the similarities and differences. In PSHE, we will listen to and show respect for other people's views when working in a group and think about what makes a group function well so that we can learn together. We will also be learning a new skill which will be juggling and reflecting on this each week.

- Exploring worship:

As historians we will...

Investigate Captain Cook, discussing the impact of his discoveries and how they helped shape changes both nationally and internationally.

As a mathematician we will...

Focus on number and place value. We will name and identify the value of each digit in numbers up to ten million. We will order and compare numbers and investigate negative numbers and Roman numerals.

How have explorers changed our understanding of the world?

Year Group: Y5/6

As authors and readers we will...

Write non-chronological reports on Planet Earth: Nature Documentary. We will look at different types of sentence structures to reflect different formalities of writing.

We will develop spelling, grammar and punctuation in accordance with the national curriculum.

Guided Reading - *Wonder* by Raquel J. Palacio

As linguists we will...

Learn to describe ourselves and other people. We will write a paragraph about a famous person. We will count up to 69 and learn the alphabet.

Special Events:

Crucial Crew (Year 6)

As artists and designers we will...

Learn about the different artists from across the world, exploring the impact of the well-known artists' work on the society at the time. We will be creating collages to represent these people.

As musicians we will...

Explore structure and compose music combining planning and improvisation.

As geographers we will...

Have an increased awareness of a range of places and environments in different parts of the world, locating the position of the Tropics of Cancer and Capricorn, the Greenwich Meridian and time zones. We will develop a map-making scale by creating a scale drawing using scales based around the power of 10.

As scientists we will...

Investigate animals including humans. We will identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood.

Investigation

Investigate and recreate heart rates for varying levels of exertion, giving explanations for observation

Pattern seeking,
