

Personal, Social and Emotional Development

We will talk about what makes us special and unique.
We will look at our own strengths and abilities and talk about what we sometimes still need help with.
We will learn to work as a team to understand and follow rules and instructions.

Physical Development

Moving and Handling

We will work on refining our fine motor skills using a range of one-handed tools – tweezers, screws, scissors.
We will also work on improving our handwriting and learning precursive letters which will help us with joining when we go into KS1.

Health and Self-Care

We will be learning about ways to be healthy – eating healthy foods, exercise and hygiene including healthy teeth.

Communication and Language

We will be working on listening to what others say and responding with relevant comments, questions and ideas.
We will also work on understanding and following instructions which ask us to do 2 or more things.

Understanding of the World

Having looked at what makes us unique, we will look at what we have in common with others and how we are different, learning to appreciate this.
We will talk about the features of our local area.
We will spot how technology is used in places such as homes and schools, looking at different machines and inventions.

Reception – Summer 1 2017

Robots and machines

Literacy

We will be exploring different sorts of books and choosing some for our own classroom library. We will share and discuss these with each other.
We will read the story of the Three Little Pigs, learn to tell it off by heart and then write our own stories in order.
We will also be writing about our own models and machines.

Expressive arts and design

We will safely use a variety of materials, tools and techniques, as we design our own robots and machines for a particular purpose. We will experiment with colour, texture, form and function.

Visits/Visitors:

tbc
Local walk / visit
Stay and play

Maths

We will be learning to name and describe 3d shapes
We will work on recognising and writing numerals 1 to 20, counting objects to 20 and saying 1 more and 1 less.
We will learn to use the vocabulary involved in doubling, halving and sharing.
