

Year 2 Homework - Spring 2

Below is a list of activities for your child to do over the next half term. The activities are linked to our new topic: *Grow, Grow, Grow!* It would be great if they could do at least one Literacy, one Reading and one Maths Activity. They can then choose 1 or more other activities from the grid. They can do as many activities as they wish (all if they really want to!)

Please can they bring in homework when it is completed to share with the class, the final week for homework will be Monday 3rd April.

<p>English 1</p> <p>With support send an email to a friend or family member. Learn where to type the email address, subject and main text. Hopefully you can practice opening and reading an email when you get a response.</p>	<p>English 2</p> <p>Make a traditional story book for someone to read. Think about who your audience.</p>	<p>English 3</p> <p>Write a set of instructions. Remembering the features: Imperative verbs, short sentences, title, what you will need, what to do...</p>	<p>English 4</p> <p>Read and make a list of all the words the author uses instead of 'said' of 'said'</p> <p>Have they used any adverbs?</p>
<p>Reading 1</p> <p>Can you spot any words ending with the suffix /es//s/ change words from singular to plural and make a list. Example: hurries, carries</p>	<p>Reading 2</p> <p>Find a book with dialogue in it (speaking). How can you tell someone is speaking?</p>	<p>Reading 3</p> <p>Order three events in the story.</p> <p>First... Then... After that...</p>	<p>Reading 4</p> <p>Answer questions.</p> <p>Booklet will be provided with text and questions.</p>
<p>Maths 1</p> <p>Work out the fraction sentence</p> <p>$\frac{1}{3}$ of 15 = $\frac{2}{3}$ of 18 =</p> <p>$\frac{1}{4}$ of 24 = $\frac{3}{4}$ of 20 =</p> <p>$\frac{1}{2}$ of 16 = $\frac{1}{2}$ of 22 =</p>	<p>Maths 2</p> <p>If the answer is 20 what is the question?</p> <p>e.g. what is $2 \times 10 =$ $x - + \div$</p> <p>How many different questions can you think of?</p>	<p>Maths 3</p> <p>Think of any two-digit and partition it in different ways.</p> <p>49</p> <p>$40 + 9 =$ $30 + 19 =$ $20 + 29 =$ $10 + 19 =$</p>	<p>Maths 4</p> <p>$45 - = 40$ $22 - = 12$ $47 - = 40$ $39 - = 9$ $91 - = 61$ $53 - = 50$ $34 - = 4$ $48 - = 40$</p>
<p>Topic 1</p> <p>Can you plant some seeds at home? Talk about what the seed will need to grow and draw observations.</p>	<p>Topic 2</p> <p>Make a list of all the fruits and vegetables that you have in your house. Can you find out where they were grown? See if you can find the countries on a map to see how far they have travelled.</p>	<p>Topic 3</p> <p>Now that the weather is getting better, (well hopefully)! Choose an activity to do from the website 50 things to do before you are 11 $\frac{3}{4}$</p> <p>https://www.50things.org.uk</p>	<p>Topic 4</p> <p>Observational drawing of a plant or flower.</p>
