

As geographers we will:

We will look at different plants that grow naturally around the world.

As scientists we will:

We will explore plants and their parts. Including the function of each part.

As gymnasts / dancers we will:

Practise key skills throwing and catching.
We will work as teams to build our balance, coordination skill and development.

As musicians we will:

Identify the rhythm in different pieces of music. We will learn how to play musical instruments to accompany a story. We will also look at the mood of different pieces of music.

Year Group: Year 2

How does your garden grow?

As citizens we will:

Learn about what money is and the exchange of money. We will also look at the process of young to old and how needs change.

As ICT technicians we will:

Create a data base on different plants.

As mathematicians we will:

Learn about measurement of length/height, mass, temperature and capacity.
We will learn about combining coins to make different amounts.
Work on telling the time and sequence intervals of time.

As writers and readers we will:

Read and write non-fiction texts including. recount of our school trip.

As artists we will:

We will look at observational drawings of different flowers.

As theologians we will:

Learn about special places and making promises.
What happens at a wedding.
